Name of Material: Pre-K Timeline Calendar

Assembly/printing instructions: Print timelines on colored paper and assemble one timeline for each month. Use glue or tape to make a continuous timeline in numerical order. Laminate for use the following school year. Add the days of the week above each number (these are already spaced to fit the Tools timeline). Each number has a bus above it to indicate a school day. On weekend days add a house on red paper to cover up the bus. On weekdays when there is no school (for example an extended weekend), use a ⃠ over the bus. For days that are special occasions such as a child's birthday or holiday, use the 'special days' icons at the end of this file. Post the name of the month with each timeline.

Activities this material is used in (Introduced at TR__):

Timeline Calendar (TR1)

Additional Information: In order for children to see when one month ends and another begins after you hang the past month's timeline on the wall, Tools suggests using different colored paper for months next to one another, (i.e., August in pink, September in blue, etc.) You may repeat colors as long as two sequential months are not the same color. Tools has provided the months but if you have other month cards that you prefer, feel free to use those instead.
